tinyurl.com/snowguess2023

Enter your prediction for the statewide average snowpack, as measured on April 1, 2023, for both Oregon and Washington.

Enter your guess as percent of normal. An average year will be 100 percent. Above average, more than 100. Below average, less than 100.

There will be prizes for the best combined forecast, and the best individual forecast for each state.

Last year's winners
Katherine Hegewisch, UC-Merced (best combined)
Katherine Hegewisch, UC-Merced (best Oregon guess)
Ken Clark, Nez Perce Tribe (best Washington guess)
