

SNOWPACK FORECAST

CHALLENGE

imgflip.com

<https://tinyurl.com/dnn72b7a>

Enter your prediction for the statewide average snowpack, as measured on April 1, 2025, for both Oregon and Washington.

Enter your guess as percent of Normal. An average year will be 100 percent. Above average, more than 100. Below average, less than 100.

There will be prizes for the best combined forecast, and the best individual forecast for each state.
